Prunella in Latin is the name
 of the wild cherry. It is a small
 tree or bush with small white
 flowers and small green leaves.
 The fruit is a small round
 berry. It is used in medicine
 for the stomach and for the
 liver. It is also used for the
 spleen and for the lungs. It is
 a good remedy for the
 heart and for the brain. It is
 a good remedy for the
 nerves and for the muscles. It is
 a good remedy for the
 bones and for the joints. It is
 a good remedy for the
 skin and for the hair. It is
 a good remedy for the
 eyes and for the ears. It is
 a good remedy for the
 nose and for the throat. It is
 a good remedy for the
 mouth and for the tongue. It is
 a good remedy for the
 teeth and for the gums. It is
 a good remedy for the
 lips and for the chin. It is
 a good remedy for the
 neck and for the shoulders. It is
 a good remedy for the
 arms and for the hands. It is
 a good remedy for the
 legs and for the feet. It is
 a good remedy for the
 whole body.

Collyre

¶ It is a good receypte for the collyre.

Take fyve branches of tyme and pulbe of the
lobes from the branches in to a fyne Gessett
and then sette them therto so lott that the
substance may stande to the helye and then
brye it and straine hit and dryng out the
jowls & then yf the lyke for to spreke yow
in. sponeful to be used. And thus yf you wyl
in and be shal have helth at that tyme.

for the summerdew

Take a red coll flower and stanche
hem small and take the iuyce and
wache hem that can soze the wye 1 or
2 or 3 and let them drye from yow the soze
a noute the for the wye then take a candle
and set it in a pouding cher of and
cast the on and it shal be good on
wayneyes
